

CALL FOR PAPERS

“Accessing Telecom Opportunities”

World Telecommunications Congress

At IEEE GLOBECOM 2008
New Orleans, LA, USA • 1-2 December 2008

The Telecommunications Network

has undergone dramatic change from the days of voice switches and copper loops. For over three decades, the ISS (International Switching Symposium) and ISSLS (International Symposium on Services and Local Access) have tracked this evolution with high quality papers in the areas of network technology, new services and business drivers. These two series of conferences have now come together to address the needs of the 21st Century telecommunications industry. The World Telecommunications Congress preserves the traditions of quality, timeliness, and open interaction among audience and presenters, while focusing on key issues of the day such as Wireless for Multimedia Services, Approaches to Video Services, and Evolution to NGN Voice. You are cordially invited to submit extended abstracts to WTC 2008, to be held in historic New Orleans, and in conjunction with the IEEE Communications Society annual IEEE GLOBECOM conference. Particularly relevant topics for papers are suggested below.

CONFERENCE TOPICS

- Fixed / Mobile Access Networks and Service Convergence
- Broadband Networks and Services
- Packet/Optical Network Infrastructure
- Network and Service Management
- Mobile Devices and Enabled Services
- Quality of Service
- Economics of New Generation Services
- Infrastructure Development Trends
- Data and Network Security
- Privacy
- Emerging Business Models
- Regulatory and Policy Issues
- Ambience/Ubiquitous Intelligence and its Applications

WTC CONFERENCE ORGANIZERS

The conference is organized by the IEEE Communications Society, in conjunction with IEEE GLOBECOM 2008.

SUBMISSIONS AND SELECTION CRITERIA

Extended Abstracts of a minimum of 800 words and a maximum of 3 pages, including figures and diagrams, are requested by **15 March 2008**. They will be evaluated by an International Committee of experts based on quality, novelty, and relevance to technology, business and applications issues. For guidelines, visit IEEE GLOBECOM website www.comsoc.org/confs/globecom/2008/index.html under WTC.

Send submissions to email wtc08info@comsoc.org

PROCEEDINGS

Conference attendees will receive a CD-ROM with abstracts and presentations.

For more information, email wtc08info@comsoc.org

WTC 2008 COMMITTEE

Leith H. Campbell, Ovum Consulting, Australia
Ken Cobb, BT, United Kingdom
Doo-Whan Choi, Korea Telecom, South Korea
Géza Gordos, Budapest University of Technology and Economics, Hungary
Eugenio Guarene, Telecom Italia, Italy
Takashi Hanazawa, NTT, Japan
Roberto Kung, France Telecom, France
Bruno Orth, Deutsche Telekom, Germany
Guido Petit, Bell Labs, Alcatel-Lucent, Belgium
Volker Schanz, VDE, Germany
Sven Symalla, Deutsche Telekom, Germany
David L. Waring, Telcordia Technologies, Inc., USA

DEADLINES

Abstract Submission: 15 March 2008
Paper Notification: 1 May 2008
Camera-Ready: 5 September 2008
